

LEPL - Ilia Tsinamdzgvrishvili College's one of the priorities is internationalization, which will contribute to the development of an educational environment that meets international standards and is quality-oriented.

The aspiration towards integration into the international space is declared in the mission, vision, and values of LEPL - Ilia Tsinamdzgvrishvili College, which implies:

- ✓ Introducing international experience into educational programs
- ✓ Collaborating with international partners and donor organizations within the framework of exchange and research projects

Strengthening the internationalization policy at the college is important for the formation of graduates as competitive and qualified personnel both at the local and international levels.

For the purpose of developing internationalization, the college is motivated to pursue an effective policy that ensures the consistent implementation of the institution's mission.
